

I am writing to let you know that I think allowing LPFM stations to displace current FM stations is a bad idea. As a homeschooling mom of three girls (and I babysit a 9 month old as well) I am home alot. K-Love (90.9 FM) ministers to my family during the day - even to my husband who drives most of the day for his job. It is an encouraging and uplifting influence in our lives. I feel that there would be a gaping hole left if K-Love were to be displaced by LPFM stations. Our community needs to know that there is a God that created them, loves them, and is concerned about their daily lives. Hurting people are drawn to the One who can heal them. I believe the service provided by K-Love is in the public interest because it lets people know they are loved, important, and cared about by God. It also allows them to hear the truth about the relationship they can have with Jesus Christ because of the sacrifice He made on the cross and that He did it to save us from an eternity in hell.
